April 2018

“The best and most beautiful things in the world cannot be seen or even touched—they must be felt with the heart.”

— Helen Keller

Something to think about—“Anyone can catch your eye, but it takes someone special to catch your heart.” --- **Lots of people may get your attention but looks are only surface deep. The true person lies within and that is where the depth is. The biggest problem arises when people don't give other people a chance to show their true selves. Beauty lies much deeper than the surface.**

This April, we would like to let you know what's new at
SELECTIVE PROFESSIONALS' NETWORK

- **eNews-** Our monthly eNews has been a valuable source of information for our clients. We have received lots of great compliments about the content. Please let us know what you would like to see more of in our future eNews.

If you would like to view a past copy, please go on our website under the **“News”** tab. For new clients, this is a great way for you to catch up on some great worthwhile articles to read, check out the biographies of some of our A’ La Carte professionals or see what we have been doing over the past year.

- **Self-Confidence--** What is it and what does it look like? You walk into a room and look around. There are lots of people there—does this excite or frighten you? Confident people can handle the situation and see the opportunities. People who lack confidence cringe at the sight. Being comfortable in whom you are and where you are is a bit of an art.

If you need to be there, it is important to build your confidence to be present there. The same applies for people meeting people one-on-one. People who present as confident will have more opportunities and actually look more attractive. Don't limit your chances at your introduction by lacking confidence. It definitely shows and will hinder your chances of a second meeting.

- **Deal-breakers for Men and Women-** Do you know what your deal-breakers are? If you are a woman, it is important to give some thought to them and also to know what types of behaviours are a direct turn-off for men, as well. If you are a man, it is a good idea to know where women might draw the line but also to give some thought to your deal-breakers.

Each person is unique and some more tolerant than others. That being said, there are some things that people just cannot tolerate. What are your deal-breakers?

The short article by Brittany Smith provides some great insight into some of the top deal- breakers people just say “No” to.

- For all of our new clients, just a reminder that introductions are typically emailed weekly during **Sunday or Monday**.
- PER YOUR CLIENT AGREEMENT: Don't forget it is up to you to advise us whether you are available to be considered for any introductions in May. Please email to info@selectiveprofessionalsnetwork.com or info.spn@shaw.ca during the first week of EACH month and advise if you are available for an introduction. In the subject line, you can put- *"Available for an Introduction"*. *If we do not hear from you, it will be taken as you are unavailable to be considered for an introduction.*

This would include if you have been introduced to a candidate, agree to meet again, and then you did not continue seeing each other. We won't know, unless you tell us. 😊

Also, during the month, do not forget to notify **SPN** if you become unavailable.

- Thank you for your referrals in April. We love to help people and would love to help those who are not aware of **SPN**. If you know of anyone who may benefit from the services of **SPN**, please feel free to refer them. This month's new referrals will be thanked with a gift card to **Starbucks**. Therefore, please ensure any potential clients you have referred, do provide your name.
